

SpacePole Digital Signage

It's time to see the bigger picture

Outdoor Digital Signage Enclosures

SPDS3001 & SPDS3002

Engage with your customers and increase your revenue, with the (SPDS3xxx) mounting solution for outdoor digital signage applications. This is a Samsung design approved solution for digital signage displays. Digital Signage provides a communication platform for customers, enabling a seamless experience from drive-through to indoor ordering. The SPDS3xxx provides a simple solution for QSR, Hospitality, and Retail.

Compatibility

Samsung screens OH55F / OH55A / OH55A-S. Other displays can be supported on request.

Features

- **Wind tested:** Designed to withstand wind up to 40 m/s (90 mph - Hurricane level 1)
- **Robust, yet elegant design:** A slim bezel adds great looks to its reinforced steel structure
- **Designed and manufactured in Denmark:** Short lead times with a focus on simplicity, quality, and sustainability
- **Easy installation:** The modular design, enables an easy 2-man installation without the use of any mechanical lifting equipment
- **Customisation:** Available in a wide range of colours, with the ability to add your own corporate touch

Benefits

- **Peace of mind:** The solution is designed and tested for an outdoor environment
- **Your investment is protected** against theft, vandalism, & environmental conditions
- **Sustainability:** The slim enclosure is designed and manufactured in line with our core value to respect the planet
- **Cost effective installation:** Saves time and money
- **Make it your own:** Including the use of your corporate colours, logo, and brand identity

Technical specifications

	SPDS3001	SPDS3002
Product description	Outdoor enclosure Single	Outdoor enclosure Double (side-by-side)
Compatible hardware	A single Samsung display OH55F/OH55A/OH55A-S	Two Samsung displays OH55F/OH55A/OH55A-S
Mounting	Custom mounting pattern	
Features	Modular build for easy two-man installation Slim bezel design Easy access for screen maintenance Security fixings for secure hardware installation Outdoor certified Anti-graffiti coating as standard Upgradeable as base modules for SPDS3001 and SPDS3002 are identical.	
Weight limit (All hardware)	55kg	110kg
Material	Painted metal with outdoor coating	
Dimensions (product)	H: 1950 x L: 742 x W: 165mm (Footprint 865x300mm)	H: 1955 x L: 1495 x W: 165mm (Footprint 865x300mm)
Weight (product)	115 kg 253.50 lbs	145 kg 319.70 lbs
Dimensions (packaging)	9 units on a pallet: 800 x 1200 x 1800mm	6 units on a pallet: 1550 x 1400 x 1700mm
Weight (packaging)	9 units on a pallet: 1075 kg 2370.00 lbs	6 units on a pallet: 950 kg 2094.00 lbs
Installation Guide	MK15-0372 (Drilling template P22-00349)	MK15-0374 (Drilling template P22-00349)
Mounting options	Flat concrete outdoor surface Chemical anchors are required and not included	
Cable management	Yes (internal)	
Testing	ISO 9227 NSS (salt spray test) - PASSED ISO 6270-2 (condensation test) - PASSED Wind tunnel test at 40 m/s (90 mph - Hurricane level 1) - PASSED	
Warranty	5 years	

Both the SPDS3001 and the SPDS3002 have passed the Samsung Design Review process
