

SpacePole In-Window wire mount™

Hardware agnostic, Modular, Configurable, Customisable

The invisible solution

When brand identity is everything, and looks matter, for example in a fashion store, this slimline, minimalist In-Window wire mount brings customer facing messaging to life. Compatible with a screen in landscape or portrait from 42" – 75", this easy to install solution offers a seamless floating display solution for low footfall environments. Fitted snug to the window itself, it reduces the risk of reflections ensuring that your message gets across, as you intended!

Compatibility

The In-Window Wire Mount is hardware agnostic. It is perfect for integration with a single high brightness screen from 42"-75" in portrait or landscape orientation

Features

- **Elegant simplicity:** 4mm steel wire supported solution for a minimalistic look
- **Versatile mounting options:** Install the screen at any desired height
- **Effortless setup:** Single tension point for both wires allows easy installation and ensures they remain out of reach once installed

Benefits

- **Seamless floating display:** Unseen mounting solution for unparalleled aesthetics
- **Unleash your creative mind:** Enjoy complete flexibility to determine the screen height during installation
- **Cost-effective setup & maintenance:** Time and cost savings for installation and display maintenance, particularly when easy access is needed

Metal products are available in black, white, and other colours.

Technical specifications
